

# Hunter ACERT Presents!

Join us on **Tuesday September 20, 12-1pm** via Zoom for a special event celebrating the return of study abroad at CUNY, and meet the new Director of Education Abroad at Hunter, Sarah Craver!

Sarah will share more about the relaunch process of existing faculty-led programs, and provide insights on how to propose new ones. Learn more about the world of virtual international exchanges, and get a sense of the wide range of study abroad opportunities available to Hunter students.

Sarah has worked in a wide range of study abroad settings throughout her career, including at Tufts University, MIT, and SIT Study Abroad. Sarah's experience encompasses program design and management, global internship facilitation, and classroom teaching in both France and the U.S. She is thrilled to join the Hunter community.
