# 2 people x 2 minutes x 2 differences

How are these approaches to gathering responses different?

1

2

Tip 1: Note Catcher

## Tip 2: Gathering Student Responses

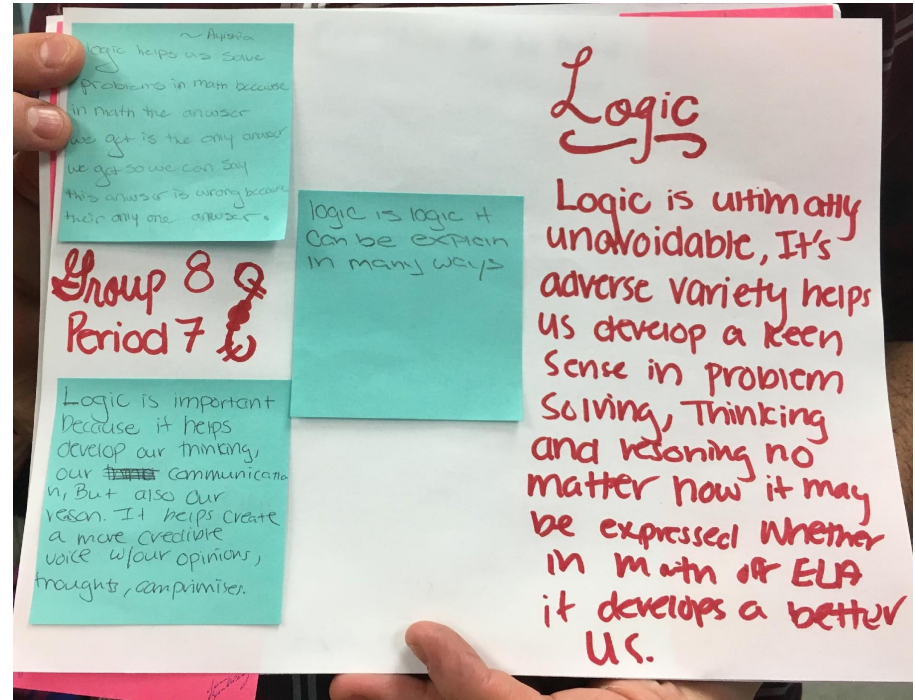

Gather Responses

Show and Share

Group Reporters

Digital Tool - Survey, Jamboard

Chart paper

# Show and Share

1. Show and Share Your Response
2. Point to something you have a question about or would like to discuss
3. Ask your friend about their response

# TIP 3: Tasks that Nurture Belonging

- Choice
- Clear criteria
- Meaningful

Find a creative way to answer two of the three questions in your sketchbooks

***1. Have I ever visited a museum? Which one? Where is it?***

***2. Can I name 3 artists? 5 artists? 10 artists?***

***3. My favorite type of art is... because...***

## MUST HAVE

**Use words and drawings**

**Use more than one material to express your ideas**

**Use the whole space of the pages**

**Keep focus during the our Creative Studio**

**Complete AMAZING**

## AMAZING

**Your answer is special to you and demonstrates your thoughts, feelings and your personal experiences.**

## Tip 4: Structured Discussion Routines

# Routine 2: 2 x 2 x2

\_\_\_\_\_ Number of People

\_\_\_\_\_ Amount of Time

\_\_\_\_\_ Number of Products

# Routine 2: 3 x 1 each x 1

**Number of People**

3

**Amount of Time (7 min total)**

1 min each

10 seconds to think in between

3 min open discussion

**Number of Products**

1 pattern or question

**4 x 5 x 2:** 4 people, 5 minutes, 2 products(e.g. questions)

Fill in and use with your students

**Write Discussion Question Here**

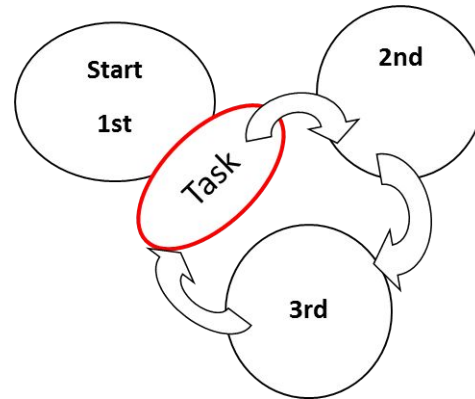

| Must Haves  | Amazing   | Help Resource |
|---|---|---------------|
| Your group's reporter should:<br><input type="checkbox"/> Quality 1<br><input type="checkbox"/> <u>Explain</u><br>_____ | <u>Explain</u> - _____<br><br><u>Use</u> vocabulary |               |

# Domino Discover

Gather responses from all members of a class or group to find patterns and surprises among student responses

- Each member takes turns sharing response one at a time
- Students can add or repeat
- Invite reflection to notice patterns/surprises or pose questions
- 

PREPARE

# Domino Discover

Before getting into discussion groups, ask all students to prepare a response

## List, Draw, Write

Name

- What
- Where
- Who
- When
- Why

Name (Drawing)

Name (Write)

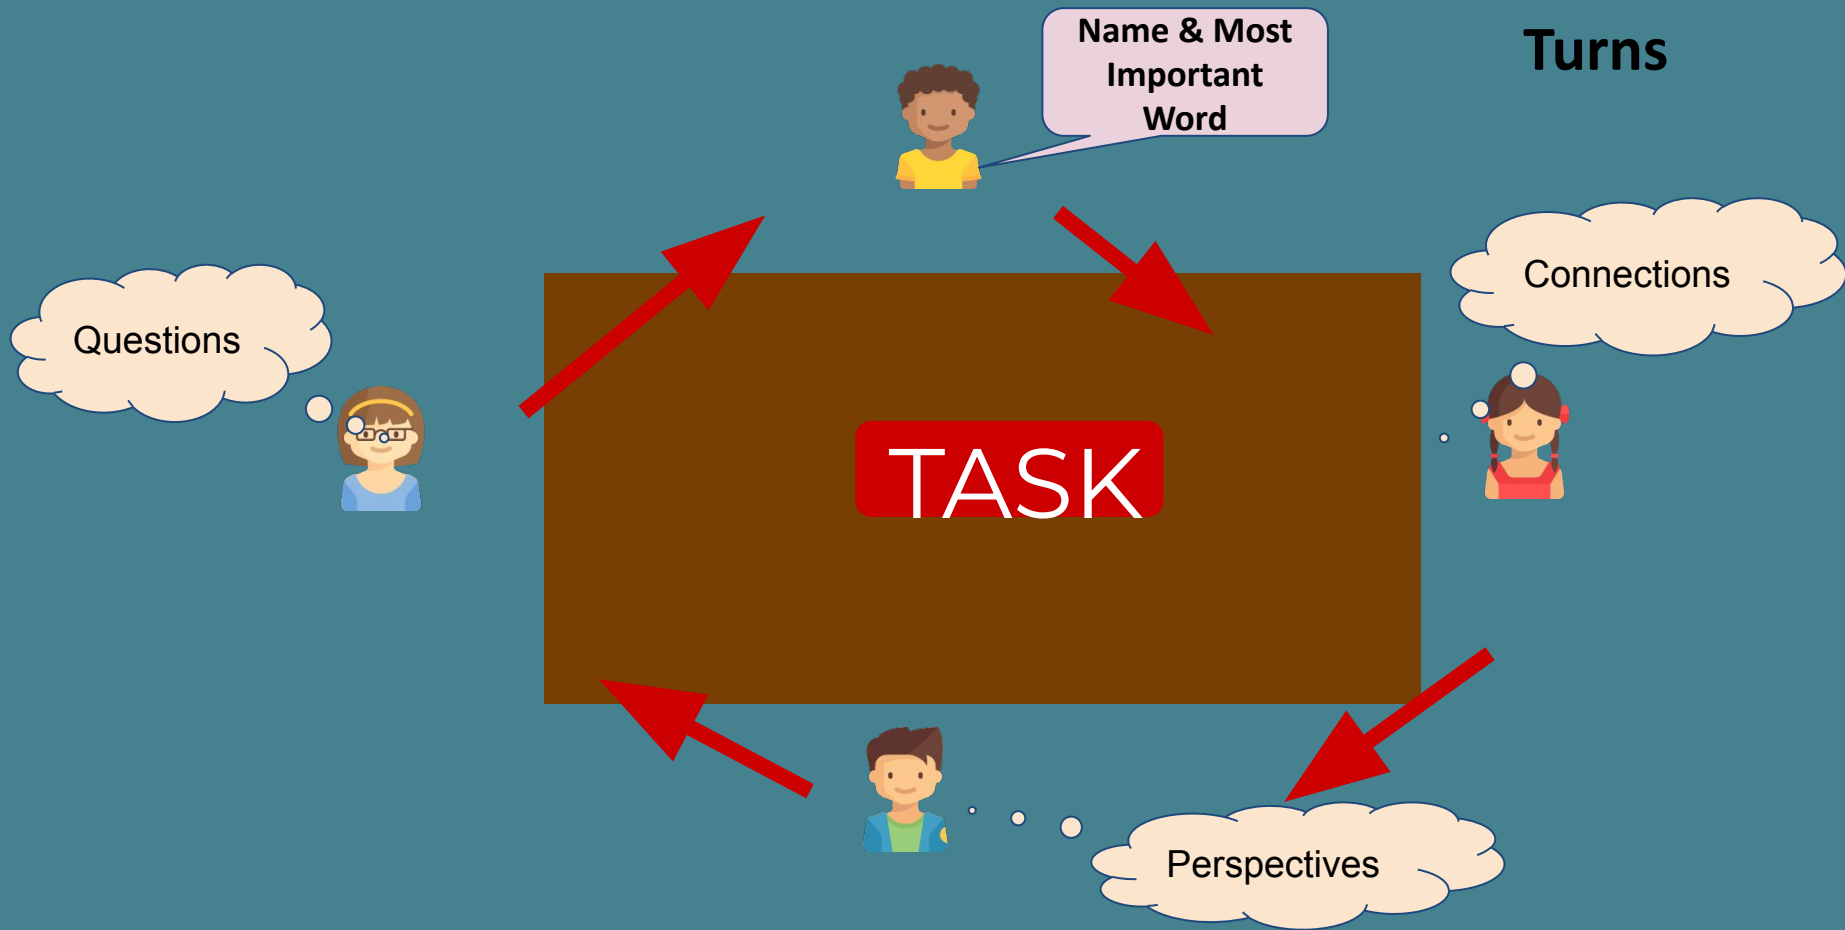

It happened.....

Structured Interaction

# Domino Discover

Show students a visual of how turns will be taken whether in person or online

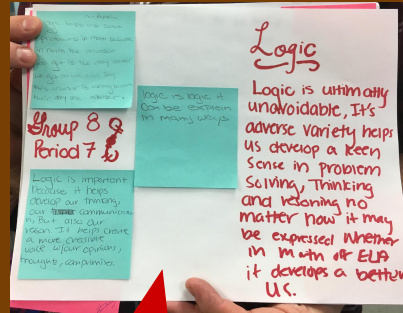

# Unstructured Interaction

Ask students to discuss their ideas to create a group response.

Invite students to annotate the group response to show the part that was contributed from each group member or to highlight specific qualities

GATHER &  
EVALUATE

# Show and Share

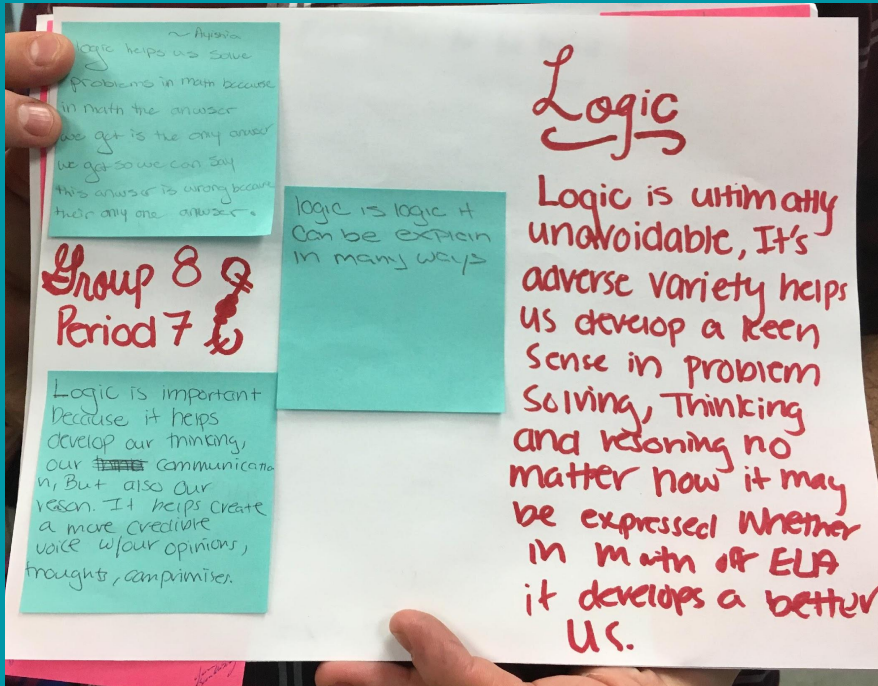

To save time, instead of having a reporter share out from every group.

Ask a representative from each group to bring the written or drawn response to a line standing in the front of the room. On the count of three, the representatives, Show and Share their groups' response (in silence).

The class looks for patterns across the groups in silence.

Students may return to their small groups to discuss the responses from other groups and/or to revise their response.

This is a quick way to have every group share.

GATHER & EVALUATE

Always gather a response from each discussion group

REVISE &  
ADJUST

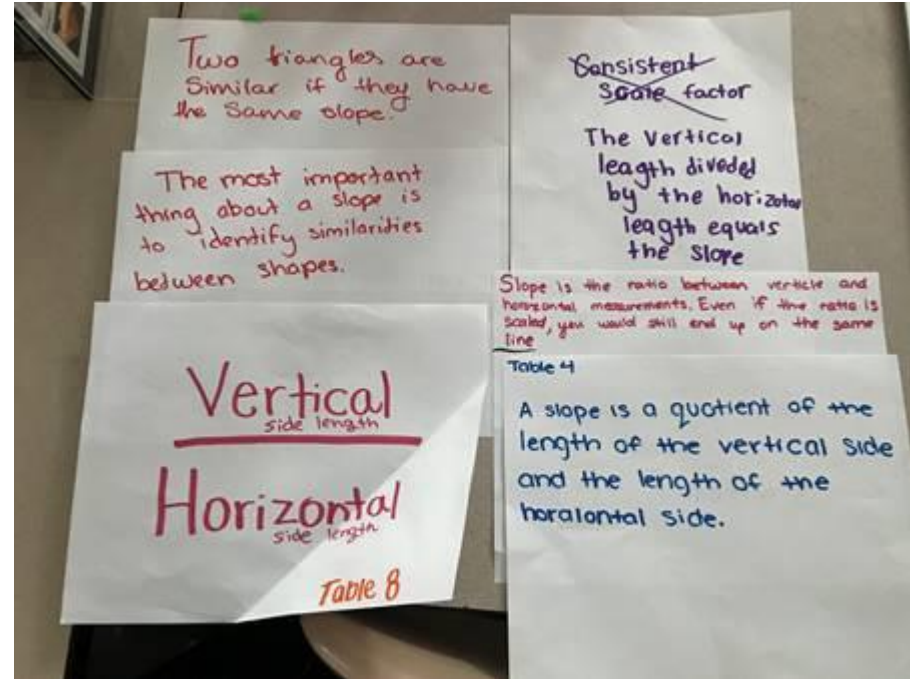

# Domino Discover

Ask students to revise their initial response  
Teachers use response to plan adjustments to teaching

| Students  | Teacher   |   |   |  |  |
|---|---|---|---|--|--|
| <p>Return to initial ideas to revise thinking.</p> <div data-bbox="372 609 1012 1049"><p>List, Draw, Write</p><table border="0"><tr><td data-bbox="394 661 639 896"><p>Name</p><ul style="list-style-type: none"><li>• What</li><li>• Where</li><li>• Who</li><li>• When</li><li>• Why</li></ul></td><td data-bbox="676 661 1000 896"><p>Name (Drawing)</p></td></tr><tr><td colspan="2" data-bbox="519 915 765 1035"><p>Name (Write)</p><p>It happened.....</p></td></tr></table></div> | <p>Name</p> <ul style="list-style-type: none"><li>• What</li><li>• Where</li><li>• Who</li><li>• When</li><li>• Why</li></ul> | <p>Name (Drawing)</p>  | <p>Name (Write)</p> <p>It happened.....</p> |  | <p>Use student responses to shape the next part of instruction.</p> <ul style="list-style-type: none"><li>❑ Group students by similar or complementary next steps</li><li>❑ Clarify misconceptions</li><li>❑ Provide instruction based on learning needs</li><li>❑ Use responses to monitor new learning</li></ul> |
| <p>Name</p> <ul style="list-style-type: none"><li>• What</li><li>• Where</li><li>• Who</li><li>• When</li><li>• Why</li></ul>   | <p>Name (Drawing)</p>                        |   |   |  |  |
| <p>Name (Write)</p> <p>It happened.....</p>   |   |   |   |  |  |

| Action Pattern   |   |
|--|---|
| <b>1. Prepare</b><br><br>Total Choice                      | They had multiple questions that they could pick from to start writing (what is slope, what's a slope triangle, how do you find slope, why are slope triangles similar triangles).                            |
| <b>2. Discuss</b><br>1. Domino –<br>2. Free Discussion     | Then they shared in a round Domino, then they had to come up with the most important idea about what slope means.   |
| <b>3. Gather &amp; Evaluate</b>                            | Nobody was talking about steepness, very few people were talking about lines. I never would have understood that they were missing this key idea had I just called on four kids to define slope and carry on. |
| <b>4. Return to Reflect</b><br>Adjust or Shape Instruction |   |

The white paper is because students learned about slope on a day when I was absent, and I really had no idea what they understood.
